

## MicroLine™ SOLARIS mini LED HEADLIGHT

Adding about 6 gms, complement your MicroLine loupes with our newest Solaris mini™ headlight. A direct descendant of our top-rated Solaris, our new mini is the brightest, lightest and "coolest" LED portable you can buy.

Solaris mini on  
MicroLine™ TTL

Only PeriOptix lights have an inexpensive, replaceable cable.

Each system includes LED lamp head with choice of loupe mount (or headband), power pack, one Li Ion battery, and charger.

## MicroLine™ FLIP-UPS

Choose either our custom fitted through-the-lens (TTL) or our easy to use, patented flip-ups. Both deliver the precision and clarity found only in much heavier and bulkier loupes. MicroLine: the newest breakthrough optics technology you expect from PeriOptix.

- Fully adjustable
- Lightest weight optics
- High resolution
- Wide field of view

Patented Dual Point  
Convergence Lock

Optilock™ Interpupillary Adjustment
