

RIMZ™ THE MOST COMFORTABLE FRAME SYSTEM AVAILABLE!

affordable and comfortable frames

Rimz is the first high quality loupe system available for under \$400. Designed especially for hygienists, Rimz features wide field of view, high definition optics on a very lightweight and comfortable frame. Replaceable Rimz frames are only \$30. All PeriOptix optics are Interchangeable and Rimz can be upgraded at any time to Hogies or the new line of ultralight titanium frames.

- Lightweight wrap-around frame design conforms comfortably to head
- 2.5, 3.0 and 3.5x magnification and 4 working distances
- No need for measuring: Exclusive Set and Forget flip-up design easily and automatically locks in your customized settings
- Available in red, white and black
- Includes carrying case, neck strap, lens covers and sterilize able flip paddle.

Black, red and white Rimz shown above.

SET AND FORGET™ OPTICS

set and forget optics

With PeriOptix Set and Forget™ Optics you don't have to be individually measured to get a custom fit. All PeriOptix Performance Plus Optics allow you to set your interpupillary, convergence and declination angle for perfect optical alignment. With our new patented Set and Forget design, the optics are quickly and easily locked into your individual setting so your scopes are always perfectly aligned.
